

Heaven In Your Home

A Workshop on How to Build a Flourishing Catholic Household

St. John Bosco
Catholic Church
St. John the Evangelist Hall
Saturday, June 4
9:00am - 11:00am

There's so much coming at you as a parent... anxiety about COVID, overwhelming schedules, media overload, concerns about your ability to pass on the faith, an increasingly sexualized & toxic culture, loneliness in our busy world, the wounds & burdens we all carry...

So how can you create a home that protects, nourishes & even brings peace & joy to your family? If you take your cues from the culture, the answer is — you can't! Instead, you need a **game-changing insight about the family that can radically transform your life** — & we can't wait to share it with you!

Lead your family to a new level of faith & confidence through this intensive workshop designed for parents of all ages. With powerful new insight about the family, you will learn how to make your home into a little taste of heaven, gaining **practical tools to:**

- **ROOT** your household in God's life through prayer, scripture study, & sacraments;
- **TEND** your marriage & develop the personality & gifts of each unique member of your family;
- **BUILD** a productive household economy based on shared work;
- **ENJOY** mealtimes & traditions as you build a vibrant family culture;
- **SHARE** your flourishing family life with neighbors, friends & those in need.
