

**Why give monthly?**

Nationwide, 40% of Millennial donors—and 49% of Baby Boomers—are enrolled in monthly giving programs. As Trinity House Community grows and seeks to meet so many urgent needs of families—through our workshops, in-person *Heaven in Your Home Gatherings*, e-letters, videos, and the café ministry—your monthly support allows us to better respond to these needs.

**How do I get started setting up monthly giving?**

You can set up monthly giving in a few easy steps at our [giving page](#) – or by scanning this QR code.

**Can I modify my giving amount at any time?**

Yes. We’ve added a new donor account feature that provides you with the flexibility and convenience to manage your own giving, on your own time. You’ll have the option at any point to update a payment method, adjust your giving amount, download a tax statement, and more. For example, if you’d like to begin your monthly giving with a one-year commitment, you can easily specify this timeline on your donor account.

**Will I receive a tax statement?**

Yes. You will receive a tax statement by mail in January, and you will also have the option to download your tax statement at any time via your donor account.

**Once I have made a gift and accessed my donor account, how do I access it in the future?**

A link to your donor account will be included in each email receipt you receive for your contributions, or you can access your donor account anytime at the bottom of our [giving page](#), where you can click on “Manage My Account.”

**What level of giving is meaningful?**

No monthly commitment is too small! Currently, we are blessed to have supporters at the \$5/month level as well as at considerably higher levels. Because monthly support allows Trinity House Community to better plan for growth and for meeting the needs of the families we serve, **we encourage our supporters at the \$50-\$2,500 annual giving levels to consider making their gift monthly—especially in light of the flexibility our new donor account feature provides.**
